

# Team 316 Covenant

## Our part:

- As youth pastors, we want your ministry to do well! So, we'll share our files, tools, and experience to help you to successfully implement the Team 316 fundraiser for your local ministry.
- We will randomly change the password to access the online files as a way to protect our property; you will just need to contact us to request the latest one to continue access after agreeing to this covenant. Just being wise as serpents, harmless as doves, like the Master said.
- We will be available to coach you via phone and/or e mail before *and after* launch. Like we said, we want you to do well!

## Your part:

- You agree to pay for the file access and coaching ONLY if your church implements the program. Even after viewing the files, if you do not/cannot use the program, no harm, no foul, no worries. You owe Team 316 nothing.
- If you DO use the program, you agree to pay Team 316 a onetime fee, which is 10% of the first year's pledged total (total determined two weeks after the end of the sign up period). This payment will be due at a mutually agreed up on date.
- If you DO use the program, the files become property of the ministry, NOT the ministry leader.
- You agree not to share these files with another church or ministry. Hey, put yourself in our place- you would not want someone stealing from your family.

## Client:

Signed \_\_\_\_\_ ministry leader                      date \_\_\_\_\_

Signed \_\_\_\_\_ church official                      date \_\_\_\_\_
